TrueCut

EASY • SAFE • ACCURATE

The Grace
Company
Fine Quilting Frames

TrueCut

TRUECUT IS A UNIQUE NEW CUTTING SYSTEM THAT STRETCHES BEYOND THE FEATURES OF OTHER LEADING BRANDS AND IS THE ULTIMATE SOLUTION FOR COMMON CUTTING FRUSTRATIONS. TRUECUT PROVIDES AN EASIER, SAFER AND MORE ACCURATE METHOD OF CUTTING.

My Comfort Cutter

With the My Comfort Cutter, you can customize your rotary cutter's handle with your own designs, photos or fabric! This new ergonomic rotary cutter has a unique handle design that aligns your wrist naturally, placing all cutting power directly over the blade and eliminating stress in the wrist and arm.

Comfort Curve Grip

- Works with the TrueCut ruler guide
- Available in 28mm, 45mm, or 60mm
- Left or right-handed
- Easy to use safety guard

The 28mm My Comfort Cutter has all of the great features of the My Comfort Cutter but with a smaller, more manageable blade. Perfect for free-hand cutting curves and shapes.

The 60mm My Comfort Cutter has all of the great features of the My Comfort Cutter but with a larger blade for more cutting power. Perfect for cutting multiple layers at once.

TrueCut Linear Blade Sharpener

This linear sharpener sharpens your blade with the same motion you use when cutting fabric.

- Sharpens any brand of rotary blade from 28mm to 60mm in diameter
- Sharpens your blade without having to remove it from the cutter
- Long lasting, high quality sharpening stone
- Hands-off use! Non-slip feet keep the sharpener from moving while in use

TrueCut Rotary Cutting System

At the heart of TrueCut is our ruler track and cutter guide system. How would you like to have a ruler and cutter that gave you straight cuts every time? On each side of the ruler is a track that works with the guide on the rotary cutter. As you move the cutter along the ruler's track, the guide keeps the cutter from veering away from the ruler's edge.

TrueCut Ruler Track

All TrueCut Rulers come with the TrueCut Ruler Track. This track, combined with the guide on our cutters, is what makes it possible to achieve straight precise cuts every time. As you move the rotary cutter along the ruler's track, the guide keeps the cutter from veering away or slipping off the ruler's edge.

Rectangle Quilting Rulers

These standard rectangle quilting rulers are great for just about every project, especially precise measurements and cutting strips. The original 6" x 24" and the new 6.5" x 24.5" are great for cutting fabric off the bolt, and give that extra bit of reach for larger projects. The 6.5" x 12.5" is perfect for smaller projects. Both the 6.5" x 24.5" and the 6.5" x 12.5" have built-in seam allowances on one side.

- Measured in 1/8 inch increments
- Labeled 1/4 and 3/4 inch marks for easy measurements
- Built-in spaces for marking your fabric directly through the ruler
- 30, 40, and 60 degree angle lines

Square Quilting Rulers

These square quilting rulers are great for precise measurements and squaring up blocks of fabric. They are also perfect for various shapes such as triangles and stars. The 12.5" x 12.5" is for larger blocks and projects while the 6.5" x 6.5" is good for smaller blocks, or more intricate shapes.

- Measured in 1/8 inch increments
- Built-in spaces for marking your fabric directly through the ruler
- Labeled 1/4 and 3/4 inch marks for easy measurements
- For precise measurements and squaring up blocks of fabric
- Also great for various shapes such as triangles and stars

TrueCut Cutting Mats

36" x 24"
24" x 18"
18" x 12"

- Comes in three popular sizes:
- Double-sided for extended use
- Includes angle reference guide lines
- Self healing
- Bias markings for bias strip cutting
- Easy-to-see colors

TrueCut Non-Slip Pads

Our Non-Slip pad enhances both accuracy and safety. Place it underneath any cutting mat to completely reduce movement and hold it in place.
