- BERNINA aurora with embroidery module
- Wonder Tape
- Sewing thread Mettler „extra strong“ in black
- Craft padding or cushion

Cutting out:

- Felt
- 2 side sections 72 x 20 cm
 - 2 side sections 52 x 20 cm
 - 1 base 60 x 40 cm
- Fleece
- Cushion 2x 45 x 65 cm

Instructions

1. Embroider the embroidery design on one of the larger side sections.
2. Mark size of base on side sections in centre at bottom. Round off side sections at bottom as shown in drawing, cutting out to base measurements. Make a template from the curve, so all sides are equal.
3. Place side sections together wrong sides facing, hold in place with Wonder Tape and sew together with the „Extra Strong“ thread from the right side to form a tube. Sew in the base.
4. Sew cushion closed, leaving an opening for stuffing. Stuff generously and sew opening shut.
